

Tesco - Portsmouth

Client
Tesco

Contractor
Bowmer & Kirkland

Engineer
Caunton Engineering Ltd

Architect
Smith Smalley Architects

Steel Tonnage
1,200 tonnes

Caunton erected a new 24 hour Tesco, only “a good goalie’s kick” away from Portsmouth FC’s famous football ground, Fratton Park. Caunton worked for main contractor Bowmer and Kirkland, and have designed and fabricated nearly 1200te of steelwork for the 10,500 sq. metre supermarket.

This is Caunton's second Tesco in the south west. Caunton are very busy with supermarkets and with the distribution outlets that feed them, and have a track record second to none in this sector.
