Caunton Engineering have completed the steelwork erection for main contractor Winvic Construction for a new 62,000m<sup>2</sup> distribution centre for developer Stoford, located in the former Hooton Park Airfield at Ellesmere Port in Merseyside. The building is said to be the biggest single crossed docked warehouse to be developed in the North West during 2022.

An article in the 9<sup>th</sup> February 2023 edition of New Steel Construction stated that this new distribution centre is targeting the highest level of sustainability certification such as BREEAM 'Outstanding' and an EPC 'A' rating.
