

**Bilborough College - Nottingham**

.....  
**Client**

Bilborough College  
.....

Completed in September 2005, this project with steelwork by Caunton, saw a struggling 1950's Nottingham school transformed into Bilborough College. The steelwork which was used comprised of columns, roof steelwork and stairwell framing.

**Contractor**

Bowmer & Kirkland Limited  
.....

The development won the design award from the local Civic Society, alongside receiving the Lord Mayor's Prize for Architectural Excellence.

**Architect**

CP MG Architects  
.....

It was local steelwork contractor, working alongside main contractor Bowmer and Kirkland, who created this vital community benefit.

**Engineer**

Arup Group  
.....

**Steel Tonnage**

180 tonnes
